7. When selecting the desired tournament, it will automatically pull your information over to the following page along with your current handicap information.
- The Tournament information (tees, format, etc..) will be displayed on the Tournament page itself. If an **INDIVIDUAL** Tournament, please review your personal information and click on “submit” and you have now signed up for that particular tournament. Players that sign up via the internet will be downloaded daily and once the tournament is full, all players will then be deemed “standby players” and will be added into the tournament as registered players begin to cancel. *Standby players will be entered on a “first come first serve basis based on Membership Status (Full, Recreational, Social)”*
  - If you choose to cancel for a tournament once you have registered you must contact the Co-Chairs of that tournament or any member of the Pinehurst Golf Professional Staff to remove your name from the field.
  - If you are signing up for a **TEAM** Tournament, you must enter ALL members of the team when originally signing up. *If you DO NOT have a complete foursome, you must contact the co-chairs of that particular event to be placed on a waiting list until they assign you a team.* To enter other members onto your team, enter the First/Last name of the member, press TAB and then choose the correct name from the drop-down list that appears to the right. *(If this box does NOT appear, turn off your pop-up blocker for that particular page and try this process again.)* That member’s golfer information will then automatically fill-in the appropriate spaces. Once you have chosen your team, click on Submit and your team has now been registered for that tournament. To double-check that your team has now been entered, scroll down to the middle of the page and you will notice a green box that lists all 4 players that you previously registered.
