

Pit Crew Challenge

FAST TRACK HIGH PERFORMANCE DRIVING SCHOOL gives your company the chance to offer clients, employees and prospective customers a new and exciting entertainment and incentive program built around the fastest growing sport in the world...Auto Racing.

For this event, FAST TRACK will supply race cars, all equipment and tools to perform a pit stop. FAST TRACK will also supply professional instructors, and judges for the competition. All students/competitors will attend an instructional meeting at the beginning of the event to teach them all they will need to know to perform all duties on a pit crew.

The students will participate in a tryout/draft to form teams. Teams will then participate in at least 2 team practices, at which point the team decides who will perform what duties on the team. The teams will learn to perform such duties as time management, information and communication management, as well as resource management, as each team only has a limited amount of air for the operation of their impact guns.

The competition will be conducted in elimination rounds, based on time. Time penalties are issued for such infractions as loose lug nuts, work performed after the race car hits the ground, etc.... and in the end there will be an awards ceremony for the winners as well as Certificates of completion for all competitors of the Pit Stop Competition.

The FAST TRACK Pit Stop Competition is the ideal Corporate Event that can be held at Pinehurst Resort or at the race track. Leadership, teamwork and problem solving are all benefits of this event, as well as an occasion to be remembered for a life time!

Pricing for up to and including 12 participants:

Pit Crew School @ Rockingham Speedway - \$2,500.00

Round-Trip Transportation: \$40.00 per person based on a 10-person minimum

Each additional participant at either venue would be \$250.00 per person
